Bibliogo: One-Stop Reference and Literature Management

A powerful add-on to Article Galaxy Enterprise, Bibliogo is a single-source solution for your **literature management** needs. From staying current on the latest research to collaborating directly with your colleagues, you can do it all here. Bibliogo offers fully-featured reference management capabilities—enabling one-click access, curation, sharing and collection of your organization's copyright-cleared PDF documents—all in one centralized location.

Simplify How You:

- ⊘ Import and manage citations in bibliographies
- ⊘ Monitor table-of-contents (TOC) and RSS feeds
- ⊘ Curate and collaborate in a secure environment
- ⊘ Cite and export citations for authoring and publishing
- ⊘ Purchase full-text journal articles on the spot 24/7
- ⊘ Tag citations by keyword in smart folders

The Article Galaxy Difference

Unrivaled in its ability to conform to your needs, Article Galaxy is the most practical, simple, flexible and helpful solution for scientific, technical and medical (STM) journal content access. Discover how Article Galaxy is continuously setting new standards for performance and customer satisfaction today. Learn more www.researchsolutions. com/products/enterprise.

Built for Business

Unlike other reference management systems, Bibliogo is built for business. This means security, administrative controls, privacy, copyright compliance at every step of the workflow.
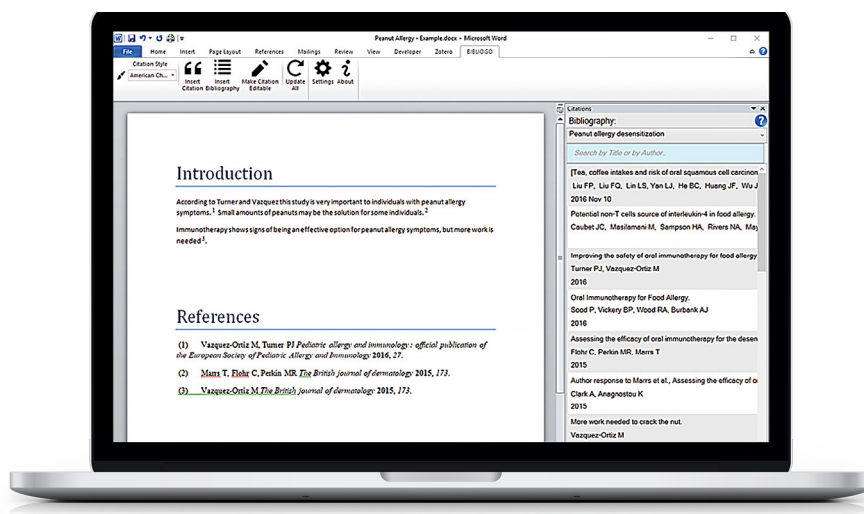

Get Started Today

We've worked with hundreds of enterprises to deploy our Article Galaxy service, and we are here to help you, too—regardless of complexity, scale, or budget.

Science-Centered Collaboration

Think of Bibliogo as your organization's **fully copyright-compliant PDF library**—with unique alerting and collaboration tools. Bibliogo's enterprise-wide collection of scientific literature enables researchers or other knowledge workers to:

- ⊘ Authenticate and collaborate securely
- ⊘ Access previously acquired PDFs when re-use licenses exist
- ⊘ Reduce costs with duplicate order alerts

Insert Citations From Directly Within Microsoft Word

With our Microsoft Word plug-in, authors can connect Word to Bibliogo for writing and citing documents. Easily pull in citations stored in Bibliogo as you prepare regulatory submissions, create curated newsletters or reading lists, author articles, and a variety of other purposes. Users from authorized accounts can simply install the plug-in, connect it securely to Bibliogo, and begin writing and citing. It's that easy!
