Article Galaxy References
Designed to Scale With Your Business

From small startups to global enterprises, Article Galaxy is the premier knowledge management solution for businesses of all sizes. From literature discovery to acquisition to management, it's a complete technology solution—specifically designed to respond to the complexity of your business' need for knowledge, growth, and collaboration. This means security from start to finish, with administrative controls, privacy, and compliance—at every step of your workflow.

Built-In Organization

❯ Drag-and-drop one or more articles into individual or multiple folders directly from your search or existing library

❯ Add multiple document types to your references (DOC, XLS, PPT, PNG/JPG, MP3/MP4 and more)

❯ Easily create custom TAGs on references to organize important literature

❯ Easily add references to folders – add a single article or drag and drop multiple files via RIS

Re-Use Rights Integration

❯ Check article re-use permissions with just a click of a button

❯ Ensure copyright compliance with built-in re-use rights information

Flexible User Permissions and Access

❯ Multiple access settings let you ensure only the right people have access

❯ Cloud-based platform allows you to access your papers anytime, anywhere, from any device

ARTICLE **GALAXY**
