

Quick Reference Guide - Article Galaxy Interface

How to Use Your Dashboard

Research Solutions' **Article Galaxy** platform features a dashboard that works just like an app store. It offers a vast library of task-specific research tools, called Gadgets. Use Gadgets to enhance lab productivity, save time, and accelerate discovery. It's easy to find new Gadgets. Simply log in to your Article Galaxy Dashboard and start browsing and adding the Gadgets that best fit your workflow.

Add Gadgets to Your Dashboard

1. Search Gadgets by keyword or browse Gadget categories. 
2. Click on any Gadget for details and to see **Similar Gadgets**.
3. Add the Gadget to your dashboard by clicking **Add to My Gadgets**. 
4. To add a Gadget to your dashboard, log in OR
5. Sign up for free at www.reprintsdesk.com/login/signup.aspx.

The screenshot displays the Article Galaxy interface. The main search results page shows a grid of gadgets. A callout box for the 'Document Delivery Gadget' is shown, detailing its features and providing a gallery of screenshots. The callout box includes the following information:

- Document Delivery Gadget**: Get access to full-text papers and book chapters from all major publishers 24/7. Easily locate bibliographic citations and purchase or rent journal articles on-demand, including Open Access and linkouts to publisher subscriptions. Native PDF documents will be sent to your inbox within minutes or are accessible in your web browser. Quickly review transactional details of your order history and see trending article stats and availability options at a glance.
- Gallery**: A series of screenshots showing the gadget's interface.
- Keywords**: #Search, #PubMed/PMID, #DOI, #Link Management, #Databases.
- Similar Gadgets**: Quick Links Viewer, Trending Articles Finder, Article Galaxy Widget Ins.
- Comments**: A text input field and a 'Post' button.

Configure Gadgets on Your Dashboard

Easily move Gadgets between three screen tabs to prioritize your dashboard. 

1. To move a Gadget to a different tab, click on the **move**  icon on the Gadget. 
2. To move a Gadget on the screen, simply drag and drop the Gadget.
3. To extend a Gadget across the screen, click the **maximize**  icon. 
4. To remove a Gadget from your dashboard, click the **trash**  icon. 

Subscribe to Journal Table-Of-Contents Feeds

1. Open the **Add a Gadget** tab from your dashboard.
2. Search for 19,000+ journals in the **TOC Gadget**. 
3. Add the TOC feed to your dashboard by clicking **Add+**.
