

Two Leading Research Platforms. One Automated Workflow.

Go From Literature Review to Article Access, in a Single Click

Evidence Partners and Research Solutions/Reprints Desk are joining forces to bring together two powerful research platforms—DistillerSR and Article Galaxy Enterprise—to automate and accelerate your research workflow.

What does that mean for you? With DistillerSR and Article Galaxy Enterprise, your organization or R&D group will be able to save twice—first by automating literature access and second by automating the literature review process—all in one place.

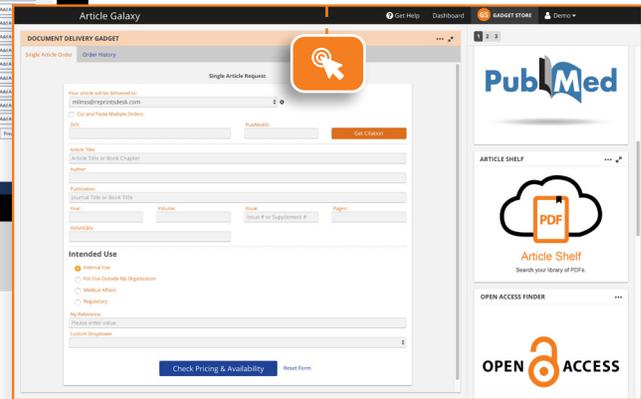

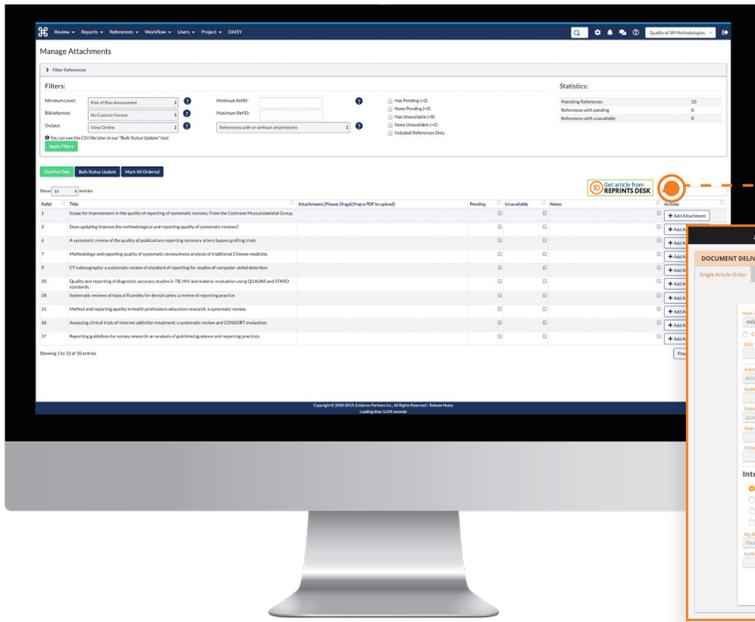

Double the Time Savings, at Half the Effort

Running DistillerSR for literature reviews? Now you can connect to Research Solutions' award-winning Article Galaxy Enterprise research platform right from within the DistillerSR review software. Seamlessly access peer-reviewed journal articles and conduct AI-driven literature reviews in DistillerSR, dramatically shortening your research cycle.

Your Benefits:

- Leverage built-in AI to conduct broader literature reviews in less time
- Access copyright-compliant literature for your reviews in just one click
- Achieve substantial cost savings by cutting time and manual labor—twice.

DistillerSR Systematic Literature Review Software

DistillerSR saves valuable research time by automating much of the manual work involved in conducting a systematic literature review, including reference screening, data collection and collation, reviewer conflict checking, duplicate reference removal and inclusion/exclusion processing. DistillerSR enables researchers to:

- Easily organize and manage their literature review workflow
- Increase efficiency and reduce errors using built-in AI
- Collaborate in real-time, regardless of location
- Customize forms and workflows for any review protocol
- Track their progress with real-time reports

Article Galaxy Enterprise Research Platform

The Article Galaxy Enterprise document retrieval engine provides one-click access to full-text scientific papers at the lowest legal cost to optimize spending—on-demand, whenever and wherever needed. Article Galaxy Enterprise simplifies scientific literature access, allowing researchers to:

- Purchase or rent full-text papers from major publishers 24/7
- Get native PDFs delivered to their inbox within minutes
- Filter by lowest cost, Open Access, subscriptions, and rentals
- Order right from PubMed, Google Scholar and 70+ websites
- Obtain 24/7 best-in-class customer service
